

An abstract geometric pattern consisting of overlapping, curved lines that create a sense of depth and perspective, resembling a dome or a series of arches. The lines are in shades of gray and white, creating a complex, interlocking structure.

Data Breaches and Employee Duties: Navigating Personal Information Pitfalls on the Pathway to Success

ACSA Personnel Institute

This session will introduce data breaches, giving an overview of causes with a specific focus on breaches of employee information and student information. We will discuss common forms of attack, and give examples of breaches involving HR data and student information. Finally, we will provide guidance on preventing breaches through training and implementing applicable HR policies.
